

## LET'S BE FRIENDS

Words and Music by Linda Arnold

The clownfish and the sea anemone

One day decided friends they would be

Two very different creatures of the sea

The clownfish and the sea anemone

"Let's be friends, let's be friends

Let's be friends under the sea

I'll help you if you'll help me."

Said the clownfish and the sea anemone

The clownfish asked the sea anemone

"Will your tentacles be dangerous to me?"

"No they won't," it replied "If you wear your coat of slime

You won't feel a sting and we'll get along fine."

"Let's be friends, let's be friends

Let's be friends under the sea

I'll help you if you'll help me."

Said the clownfish and the sea anemone

The clownfish said to the sea anemone

"I'm a messy eater, messy as can be!

There'll be lots of leftovers just for you

'Cause I've decided to get along too."

"Let's be friends, let's be friends

Let's be friends under the sea

I'll help you if you'll help me."

Said the clownfish and the sea anemone

"Let's be friends, let's be friends

Let's be friends under the sea

I'll help you if you'll help me."
