

## SPLASH ZONE

Words and Music by Linda Arnold

Step into the Splash Zone

Take a plunge into the sea

It's a world of adventure

Learning and discovery

First, we'll visit the coral reef

Then the rocky shore

Different ocean habitats

Together we'll explore

Step into the Splash Zone

Come along, let's have some fun!

It's a world of adventure

Magic waits for everyone

Splash Zone

Feel the rhythm of the sea

Splash Zone

Flip your fins and dance with me

Splash Zone

Come along, let's have some fun!

Splash Zone

The ocean is for everyone...to share

The ocean needs our love and care

So many plants and animals are all living there

The future of their home is up to you and me

Together we can learn to be stewards of the sea

Feel the sea spray in the air

Nature's beauty everywhere

Step into the Splash Zone

Take a plunge into the sea

It's a world of adventure

Learning and discovery

From the colorful coral reef

To the rocky shore

Many ocean friends to meet

And wonders to explore

Step into the Splash Zone

Come along, let's have some fun!

It's a world of adventure

Magic waits for everyone

Splash Zone

Feel the rhythm of the sea

Splash Zone

Flip your fins and dance with me

Splash Zone

Come along, let's have some fun!

Splash Zone

The ocean is for everyone to share

Everyone to share
