

GOODNIGHT

Words and music by Linda Arnold

Close your eyes sleepyhead
Let me tuck you into bed
Let me wrap you in lullabies
Underneath starry skies

Close your eyes little one
Tomorrow there'll be time for fun
But now it's time, sweet child of mine
It's time to say "Goodnight."
Goodnight, goodnight
The stars are shining bright
Goodnight, goodnight
My gentle child, goodnight

As the silver moon shines bright
On your pillow soft tonight
As our tender hearts entwine
Magic fills this lullaby time

So close your eyes little one
Morning bells will bring the sun
But now it's time, sweet child of mine
It's time to say "Goodnight."

Goodnight, goodnight
The stars are shining bright
Goodnight, goodnight
My gentle child, goodnight

It's time to say "Goodnight."
