First you take some oil  
You put it in the pan  
Shake it up as fast as you can  
Put on a smile, wait for awhile  
Pretty soon you've got popcorn

Popcorn is a kid's best friend  
Munchy, crunchy  
Good for your lunchy  
Please pass the popcorn

Add a little butter  
A little salt too  
Making popcorn's fun to do  
So fill your bowl to the very top  
But just make sure that you don't pop
