

QUITE A COMBINATION

Words and music by Linda Arnold

Like spaghetti needs meatballs
Just like polka needs dots
Just like birthdays need a celebration
You and I are quite a combination

Just like Santa needs Rudolph
Just like leopards need spots
Just like baseballs need a mitt
You and I are quite a very nice fit

Just like dreamers need stars
Singers need songs
Children need love
Just like cones need a scoop of ice cream
You and I are quite a very nice team

Just like movies need popcorn
Just like hot dogs need buns
Just like magic needs a spell
You and I fit together well

Just like rainbows need sunlight
Just like winter needs spring
Just like music needs a key
You and I make harmony

Just like dreamers need stars
Singers need songs
Children need love
Just like birthdays need a celebration
You and I are quite a combination
