

ALL THE WORLD'S A STAGE

Words and music by Linda Arnold and John Lee Sanders

**Here at the Rainbow Palace
We hope you liked our show
Take the wonder and the magic with you
When you go
For Mother Nature's scenery
Surrounds us everywhere
A gift of rainbow colors
For all the world to share**

**For all the world's a stage
A place to grow and play
Together when we play our part
We can build a brighter day**

**For all the world's a stage
A place to grow and play
Together when we play our part
We can build a brighter day**
