

# **LET'S TAKE A RIDE**

Words and music by Linda Arnold

**Buckle up everyone, let's all have some fun  
Riding in a spaceship traveling round the sun**

**Let's take a ride, let's take a ride  
Through the solar system  
Let's all take a ride**

**"I live on planet earth!"**

**We can learn to navigate  
Each planet, moon, and star  
With imagination we can travel far  
Buckle up everyone, let's all have some fun  
Riding in a spaceship traveling round the sun**

**Let's take a ride, let's take a ride  
In our magic spaceship  
Let's all take a ride**

**Buckle up everyone, imagination can be fun!**
