

CURIOUS BEN

Words and music by Linda Arnold

**Who invented the lightning rod?
Ben Franklin that's who!
Who invented batteries?
Ben Franklin did that too!**

**Curious Ben, Curious Ben
Science was the key
That helped you on your way
With each discovery**

**Who invented the fire department?
Ben Franklin, that's who!
And the lending library?
Ben Franklin did that too!**

**Curious Ben, Curious Ben
You're an inspiration
Always full of bright ideas
That helped to build our nation**

**Who invented the lightning rod?
Ben Franklin, that's who!
If we find a bright idea
We can be inventors too!**
