

CIRCUS OF THE WORLD

Words and music by Linda Arnold

**In the circus of the world
There's a place for everyone
We're all a Big Top family
Under the same bright sun**

**In every circus the whole world round
Laughter makes the same sweet sound
From Africa to France
Canada to Spain
Laughter always sounds the same**

**In the circus of the world
There's a place for everyone
We're all a Big Top family
Under the same bright sun**

**In the circus of the world
There's a place for everyone
We're all a Big Top family
Under the same bright sun**
