

# **CIRCUS LULLABY**

Words and music by Linda Arnold

**The circus is a wonderland  
For every girl and boy  
A sawdust, spangled fantasy  
Of merriment and joy**

**But when the show is over  
And the clowns all wave goodbye  
The stars above shine down their love  
On a circus lullaby**

**Thrills tremendous, feats stupendous  
Magic and delight  
The circus is a land of dreams  
When every heart takes flight**

**But when the show is over  
And the clowns all wave good-bye  
The stars above shine down their love  
On a circus lullaby**

**Tomorrow the band will play  
And the big trapeze will fly  
But now the moon and stars all tune  
To a circus lullaby**
