

# CIRCUS TRAIN

Words and music by Linda Arnold and John Lee Sanders

**Here comes the circus train  
Here comes the circus train  
Rolling into town, with a clickety-clack  
And the wheels turn round  
Soon hear the whistle blow  
Letting the children know  
Time for laughter, time for fun  
The circus is in town**

**See the circus wagons painted red and gold  
Filled with splendid animals wondrous to behold  
Here comes the circus train  
Wave to the funny clown  
Children of all ages love  
When the circus comes to town**

**Here comes the circus train  
Here comes the circus train  
See the tall giraffe  
And the funny bears that will make you laugh  
Soon hear the whistle blow  
Letting the children know  
Time for laughter, time for fun  
The circus is in town**

**Soon they'll all parade  
As the band begins to play  
And the thrill of circus magic  
Takes our breath away  
Here comes the circus train  
Oh, what a happy day  
Children of all ages love  
When the circus comes to play**

**Here comes the circus train  
Wave to the funny clown  
Children of all ages love  
When the circus comes to town**
