

STARRY NIGHT

Words and music by Linda Arnold

Close your eyes, little one
The day is almost done
I can see the silver moon
And all the little stars
Will be dancing soon
Close your eyes, little one

Dream of taking flight
Into this starry night
Like a bird, you can fly
Safe on the wings
Of my lullaby
Dream, baby dream

Sleep, baby sleep
In peaceful, slumber deep
While you dream, heaven above
And all the little stars
Shine down their love
Sleep, baby sleep
On this starry night
