

# SING ALONG STEW

Words and music by Linda Arnold

Would you like to taste a musical treat  
With a happy feeling that moves your feet  
To tap in perfect time  
In just the right key  
Just repeat after me  
As we make this recipe

With a little bit of laughter  
(Little bit of laughter)  
Two cups of rhyme  
(Two cups of rhyme)  
Stir it up with rhythm  
(Stir it up with rhythm)  
A teaspoon of time  
(A teaspoon of time)  
Half a pint of harmony  
(Half a pint of harmony)  
Sprinkle on the melody  
(Melody)  
Then open up your throat  
Sing out a note  
A recipe made for you  
It's the wonderful, magical, superfantastical  
Silly Sing Along Stew  
(It's the wonderful, magical, superfantastical

One voice makes for a lovely song  
But you've got to have two for a sing along  
Then adding number three  
(Adding number three)  
Makes a harmony  
(Makes a harmony)  
Can you imagine four?  
(Can you imagine four?)  
Sweet voices really soar
